**"SAN FRANCISCO BAY-DELTA
IS PROTECTED"**

A comprehensive package of actions protects the Bay-Delta

Federal and State officials will announce today that they have reached consensus on a comprehensive, coordinated package of actions to protect the San Francisco Bay-Delta while strengthening the state's long-term economic health.

The plan sets up new Bay-Delta water quality standards, ending decades of gridlock.

PARTICIPANTS AT THE EVENT:

- Governor Pete Wilson
- EPA Administrator Carol Browner
- Secretary of Interior Bruce Babbitt

Anticipated reaction from:

- A representative of Metropolitan Water District
- One environmental organization
- Spanish sound-bite

We will feed a cut VO/SOT with highlights of today's news conference.
A script will be faxed to you early afternoon.
